Over the course of the year students will be expected to maintain as a minimum the things included on this list. Obviously if any students stationery items are lost or stop working they will need to be replaced.

* With the purchase of the IPad It is expected that students will need to have some additional apps installed on their IPad in addition to those that come standard with the IPad. Notification of the exact apps will be provided early in Term 1 2015. It is also advisable that screen protectors and a case be purchased to protect the IPad, parents will need to make their own assessment as to whether the chosen case will meet the demands of school life.

As a component of the Physical and Health Education program students will monitoring their own heart rate as immediate feedback of their fitness and effort during lessons. To facilitate this process and maintain personal hygiene, students are to have their own personal heart rate strap, which costs \$25. The heart rate monitors will be provided by the college. For those who would like to order online, it has a transport cost of \$5, kindly head to this web address to do so, <http://www.thepolarshop.com.au/polar-accessories-c-7/polar-soft-strapxxl-p-114>.

Please direct any further questions to Mr Wee.
